ANNEX A - REGISTRATION FEE 14

1. INTRODUCTION

By registering for the Open Masters Games Como Lake 2027, the participant confirms that they have read, understood and fully accepted these Terms and Conditions. Participation in the competitions and related activities is subject to the applicable sports regulations, the provisions of the Organisation and all applicable laws and regulations.

The Organising Committee may amend the programme, venues, schedules, categories, age groups or other aspects of the event where necessary for organisational, technical or safety reasons, by order of the competent authorities, or due to force majeure. Any changes will be communicated through the event's official channels.

2. DEFINITIONS AND SCOPE

For the purposes of these Terms and Conditions:

• 'Games' means the Open Masters Games Como Lake 2027 and all competitions, ceremonies, ancillary activities and services officially connected with the event.

• 'Organising Committee' or 'O.C.' means the entity responsible for organising the Games, as identified in the official documents and on the event website, composed by the Municipalities of Como, Lecco and Varese.

• 'IMGA' means "International Masters Games Association" /World Masters Sport (WMS).

• 'Participant' means any athlete, coach, team official, accompanying person or other person duly registered for the Games.

• 'Rules' means these Terms and Conditions, the Sports Regulations, the Sport Guides, the Code of Conduct, the instructions issued by the O.C. and the provisions of the competent authorities.

• 'Images' means photographs, videos, audio recordings, television footage, digital content and similar material created during the Games.

These Terms and Conditions apply to all participants. Each sport is also governed by the regulations of the relevant federation or competent sports governing body and by the specific Sport Information Guides published by the O.C.

3. REGISTRATION, ADMISSION AND PAYMENTS

3.1 Registration Procedure

Participants in the Open Masters Games Como Lake 2027 must register through the official Registration System accessible via the event website.

Through the Registration System, participants must:

- provide all required personal information;

- select the sports and disciplines in which they wish to compete, in accordance with the applicable participation rules and any limits established for each sport in the Sport Information Guide;
- accept the applicable documents, including these Terms and Conditions; and pay the applicable registration fee and any additional charges.

Applications to participate are subject to acceptance by the Organising Committee ("O.C."). Registration shall be deemed complete only once all required information has been correctly entered, the applicable documents have been accepted, payment has been successfully processed through the official Registration System and the participant has received confirmation of registration.

The participant is responsible for ensuring that all information provided is accurate, complete and up to date. False, incomplete or unverifiable statements may result in the application being rejected or the participant being excluded from the Games without entitlement to a refund, except where otherwise required by applicable law.

Registration for a sport, category or competition venue may close before the published deadline once the maximum number of participants has been reached.

3.2 Sport Selection and Participation

The registration fee allows athletes to select up to three sports, with a maximum of seven disciplines in total. Athletes registering for a team sport may also register for one or more individual sports, if they pay the applicable registration fees separately: one fee for participation in the team sport and one fee for participation in the individual sport(s). Participation in both team and individual sports is permitted only where the competition schedules allow it. The Organising Committee cannot guarantee that there will be no scheduling conflicts and shall not be required to modify the competition programme to accommodate an athlete's participation in multiple sports.

Where the number of entries is insufficient, the O.C. reserves the right to:

- combine categories or age groups;
- modify the competition format;
- cancel the sport, discipline or competition concerned.

Any such decision will be communicated through the official event website, the participant's registration profile or the contact details provided during registration.

3.3 Registration Fees and Additional Charges

Registration fees, reduced fees for participants residing in Italy, additional charges and any sport-specific fees are set out in **Annex A – Registration Fees and Additional Charges**, which forms an integral part of these Terms and Conditions. All fees:

- are expressed in euros;
- include any applicable taxes;

- apply to each individual participant, regardless of whether they take part in an individual or team competition.

Floorball is the only exception and is subject to a separate fee structure, as specified in Annex A.

If payment is made in a currency other than the euro, the final amount payable may vary according to the exchange rate applied at the time of payment.

Any bank charges, payment-processing fees and exchange-rate differences shall be borne by the participant, unless otherwise expressly stated.

3.4 Accreditation Pass

Each registered participant will receive a personal and non-transferable Accreditation Pass.
The Accreditation Pass will be required to access competition venues, participate in competitions and use services reserved for accredited persons. It must not be transferred, lent or made available to any other person.

3.5 Transport Services

Registration entitles athletes and registered accompanying persons to use the free transport services provided by the O.C. exclusively for competition venues that are particularly difficult to reach by public transport.

The availability, routes, timetables and conditions of use of transport services may vary depending on the sport and competition venue. Further information will be published on the official event website.

Unless expressly stated otherwise, registration does not include general transport services between accommodation facilities, city centres, Games Centers or competition venues.

3.6 Programme, Schedule and Venue Updates

The competition programme, schedules, formats and venues published before the Games are provisional and may be updated or changed for organisational, technical, sporting, safety or other justified reasons.

Participants are responsible for regularly checking:

- the official event website;
- their personal profile in the Registration System;
- communications sent by the O.C. to the contact details provided during registration.

The O.C. shall not be responsible for any consequences arising from a participant's failure to consult or take note of duly published or communicated updates.

4. AGE, IDENTITY AND MEDICAL FITNESS REQUIREMENTS

Participation in the Open Masters Games Como Lake 2027 is conditional upon meeting all health and medical requirements laid down by applicable Italian law and by the regulations of the relevant national and international sports federations.

In particular, athletes must strictly hold a valid medical certificate confirming fitness for competitive sport. For international athletes, the certificate must be issued in English or French. The medical examinations required under the Italian Ministerial Decree of 18 February 1982 to obtain a certificate of fitness for competitive sport for the sports included in the Open Masters Games Como Lake 2027 are:

- medical examination;
- complete urine test;
- electrocardiogram (ECG) at rest and after exercise;
- spirometry.

Failure to provide the required documentation, the submission of invalid, incomplete or non-compliant documentation, or failure to meet the applicable requirements shall result in immediate exclusion from the event, without entitlement to a refund of the registration fee or any other amount paid.

Any release or waiver signed by the participant neither replaces nor removes the obligations imposed by applicable law and does not constitute an exemption from the admission requirements established by the Organising Committee.

Medical certificates will be stored securely and separately from the general registration data.

Athletes travelling from abroad remain responsible for verifying that they meet the health and medical requirements imposed by Italian law and by the regulations applicable to their sport. The Organising Committee intends to offer participants, as an alternative, the possibility of obtaining the required medical certificate of fitness for competitive sport directly in the city hosting their respective sport.

The service must be booked sufficiently in advance and is expected to cost approximately €100. Further details regarding booking procedures, deadlines, affiliated medical facilities, required examinations and the final cost will be published on the event's official website.

5. INSURANCE, ACCIDENTS AND MEDICAL ASSISTANCE

Unless expressly stated otherwise, the registration fee does not include personal insurance covering accident, illness, third-party liability, trip cancellation or repatriation. Each participant must independently ensure that their insurance cover is adequate for the sport in which they will participate and for their country of origin or residence.

Participants who are citizens or residents of countries using the European Health Insurance Card must verify its validity, limitations and conditions. The EHIC or other forms of public healthcare coverage do not necessarily replace insurance covering sports injuries, third-party liability, transport or repatriation.

In the event of injury or illness, the participant authorises the activation of any rescue and medical procedures considered necessary. To the extent permitted by law, any costs not covered by the public healthcare system or the participant's insurance, including transport, hospitalisation, treatment, medication and repatriation, shall be borne by the participant.

The availability of first-aid or medical services during competitions does not guarantee comprehensive coverage and does not release participants from their duty to act prudently and maintain the necessary insurance cover.

6. VISA REQUIREMENTS FOR INTERNATIONAL PARTICIPANTS

Participants from countries whose citizens are subject to visa requirements must apply for and obtain, under their own responsibility, the visa required to enter Italy. Information regarding visa requirements, supporting documentation and application procedures is available on the official portal of the Italian Ministry of Foreign Affairs and International Cooperation: https://vistoperitalia.esteri.it/.

Visa applications must be submitted to the competent Italian Embassy or Consulate in the participant's country of legal residence. Processing times may vary, and the decision to issue or refuse a visa rests exclusively with the competent Italian diplomatic or consular authority.

Where applicable, the Organising Committee may provide a letter confirming the participant's registration for the event. However, this letter is issued solely in support of the visa application and does not constitute any guarantee that the visa will be granted.

The Organising Committee cannot be held responsible for any delay, refusal or other decision relating to a visa application. Participants are therefore strongly advised to carefully assess their eligibility before completing their registration. Registration fees will not be refunded if a visa is refused, delayed or not obtained in time to attend the event.

7. PARTICIPATION RULES AND CODE OF CONDUCT

Participants undertake to comply with all Rules and with any written or verbal instructions issued by the O.C., competition directors, referees, judges, venue staff, volunteers and competent authorities.

Participation must reflect the principles of integrity, fairness, inclusion, respect and fair play. Violent, discriminatory, offensive, intimidating, harassing or dangerous conduct, or any conduct detrimental to safety, reputation or the orderly running of the Games, is prohibited.

A breach of the Rules may result in a warning, withdrawal of accreditation, removal from a venue, disqualification from an individual competition or the entire event, and referral to the relevant sports governing bodies or competent authorities. Unless otherwise decided by the O.C. or required by law, such measures do not entitle the participant to a refund of any fees paid.

Participants are responsible for their own equipment and must use equipment that complies with technical and safety standards. The O.C. may prohibit the use of any equipment considered non-compliant or dangerous.

8. RISKS ASSOCIATED WITH PARTICIPATION AND LIABILITY

Participants acknowledge that sporting activities involve inherent risks, including falls, collisions, fatigue, adverse weather conditions, the conduct of other participants, equipment defects or unavailability, and changes in competition conditions.

By registering, participants accept the risks ordinarily associated with their chosen sport and confirm that they are participating knowingly and voluntarily. This acceptance does not restrict any mandatory rights granted by law or exclude any liability that cannot lawfully be excluded.

To the extent permitted by law, the O.C., the host municipalities, venue owners and operators, federations, partners, volunteers and other parties involved shall not be liable for indirect damage, financial loss, loss of profit, loss of or damage to personal property, theft, delay or inconvenience not attributable to their wilful misconduct or negligence.

Participants are responsible for safeguarding their personal belongings. Any storage or changing-room facilities are used at the participant's own risk, unless mandatory law provides otherwise.

9. PROGRAMME, VENUES, CHANGES AND FORCE MAJEURE

The O.C. may change dates, times, venues, routes, competition formats, categories, age groups, access arrangements and services where necessary for technical, organisational or safety reasons or to ensure the orderly running of the event.

In the event of force majeure or circumstances beyond its reasonable control, the O.C. may suspend, postpone, relocate, reduce or cancel one or more activities.

The O.C. shall not be liable for travel, accommodation, transport, visa, insurance or other costs incurred by participants as a result of changes, postponements or cancellations, without prejudice to any refunds expressly provided for in the official policy and to any mandatory statutory rights.

10. ANTI-DOPING

The use of prohibited substances and methods is forbidden under the applicable anti-doping rules, the World Anti-Doping Agency (WADA) Code, the regulations of the relevant federation and the IMGA anti-doping rules (as amended from time to time, including the 2027-Code rules from 1 January 2027). Participants are personally responsible for any substances found in their bodies and for their use of medication or supplements.

Participants agree that they may be subject to anti-doping controls during the Games. Any refusal, evasion or breach of the applicable procedures may result in the consequences laid down by the relevant regulations, including disqualification.

If a participant is randomly selected for a doping control, he must declare any medication taken for therapeutic purposes that contains substances or active ingredients included on the Prohibited List. Where required, the declaration must be supported by the relevant medical documentation and any authorisation required under the applicable anti-doping rules, such as a Therapeutic Use Exemption (TUE). Failure to

make a declaration, or the submission of an incomplete or false declaration, may result in exclusion from the event or in any other measures provided for under the applicable regulations.

If an athlete is subject to an anti-doping test, their details will be entered into ADAMS (Anti-Doping Administration & Management System), managed by WADA, regardless of the test result. Further information regarding the confidentiality and processing of such data will be provided before the Games.

11. IMAGES, RECORDINGS AND INTELLECTUAL PROPERTY

Photographs, audio-visual recordings, live streams and digital content may be produced during the Games. Participants authorise the O.C. and its appointed representatives to use their image, voice, name and sporting performance for informational, institutional, promotional, editorial and event-documentation purposes, without compensation, subject to applicable law and the Privacy Notice. All media (photos and videos) will be shared with IMGA, who will have the same rights to use the materials for promotion of the events and the Masters community

This authorisation includes publication on official websites, social media, promotional materials, press releases, programmes, digital platforms, television broadcasts and event archives. The O.C. undertakes not to use Images in any context that could harm a participant's dignity or reputation.

The name, logo, trademarks and graphic elements of the Open Masters Games Como Lake 2027 may not be reproduced, altered or used for commercial, promotional or merchandising purposes without the O.C.'s prior written authorisation.

Photography and recording for personal use are permitted, if they do not interfere with competitions, infringe third-party rights, involve commercial exploitation or constitute unauthorised professional broadcasting.

12. PERSONAL DATA PROTECTION

Personal data will be processed in accordance with Regulation (EU) 2016/679 and applicable national law, as further described in the Privacy Policy published on the official website and made available during registration.

As further described in the Privacy Policy of the Como Lake 2027 Organisation and IMGA, personal data may be used to manage registration, payment, accreditation, competition categories, rankings, operational communications, safety, assistance, administrative obligations and activities directly related to the organisation of the Games.

Where necessary, personal data may be disclosed to federations, technology providers, timing companies, healthcare providers, operational partners and competent authorities.

Personal data may be shared with IMGA and used for promotional activities and initiatives within the Masters movement and community, within the limits and subject to the conditions described in the respective privacy notices and with the data subject’s prior consent, where required.

For anti-doping purposes, personal data may be shared with WADA (ADAMS), ITA, other Anti-Doping Organisations and WADA-accredited laboratories as recipients, with information provided on data transfers and retention.

Participants may exercise their rights under data protection law by contacting the data controller identified in the official Privacy Notice. Rankings and sporting results may be published and retained as part of the event records and the sporting history of the competitions.

13. CANCELLATION AND REFUND POLICY

Registration fees included services, deadlines and registration procedures are those published on the official Open Masters Games Como Lake 2027 website and in the official registration system at the time of registration. Participants are responsible for reviewing these conditions carefully before making payment.

13.1 Voluntary withdrawal by the participant

Participants may withdraw their registration at any time by submitting notice through the official registration system or in accordance with the procedures specified by the Organising Committee. Participation fees will be refunded solely according to the following schedule:

Cancellation date and refund:

- By 30 June 2027 > 100% refund of the amount paid, less EUR 50.00 for administrative and processing costs.
- From 1 July 2027 > No refund

For refund purposes, the applicable date is the date on which the cancellation request is received through the official system. Fees for optional services purchased separately (including, for example, merchandise, social events, equipment hire, excursions, tourist services, insurance, transport or other ancillary services) shall be governed exclusively by the refund terms of the relevant providers and may be non-refundable.

13.2 Cancellation or modification of the event

Force majeure: If the Games, one or more competitions, or any part of the event are cancelled, postponed or modified due to circumstances beyond the control of the Organising Committee, including but not limited to:

- natural disasters;
- exceptional weather events;
- war or armed conflict;
- terrorism;
- pandemics or epidemics;
- measures ordered by the competent authorities;
- general strikes;
- disruption of essential services;
- any other event constituting force majeure,

no participation fees shall be refunded, without prejudice to any mandatory rights under applicable law. The Organising Committee shall also not be liable for expenses incurred by participants, including but not limited to:

- flights;
- transport;
- accommodation;
- visas;
- insurance;
- hire charges;
- other services purchased from third parties.

13.3 Cancellation of the Games by the Organising Committee

If the Organising Committee decides to cancel the Open Masters Games Como Lake 2027 in their entirety for reasons other than force majeure:

- if cancellation occurs before the participation kits are distributed, 100% of the registration fee will be refunded;
- if cancellation occurs after the kits have been distributed, the Organising Committee may retain the portion of the fee corresponding to services already provided or organisational costs already incurred.

13.4 Cancellation of a sport

If an individual sport is cancelled by the Organising Committee for organisational or technical reasons, or because the minimum number of participants specified in the regulations has not been reached:

- where possible, the participant may be transferred to another compatible sport or may take part in any non-competitive events included in the programme;
- the basic Games participation fee will not be refunded, as it relates to access to the event as a whole;
- any additional fees relating exclusively to the cancelled sport may be refunded as determined by the Organising Committee.

13.5 Programme changes

The Organising Committee reserves the right to amend the event programme at any time, including:

- competition dates;
- times;
- competition venues;
- playing fields;
- competition formats;
- the order in which competitions are held;
- where necessary for organisational, technical, sporting or safety reasons.

Such changes shall not constitute grounds for a refund or give rise to any right to compensation.

13.6 Amendments to the regulations

The Organising Committee reserves the right to update or amend:

- the General Regulations;
- the Sports Regulations;
- the Participation requirements;
- the Organisational procedures;
- this Cancellation Policy.

Where, before 30 June 2027, an amendment materially affects a participant's rights and makes participation in the event significantly different, the participant may withdraw and receive a refund of 100% of the fee paid.

After 1 July 2027, refund requests will be considered only where the Organising Committee determines that the amendment makes participation objectively impossible.

13.7 Exclusion from entitlement to a refund

No full or partial refund shall be due to a participant who:

- is excluded from the event for failing to meet the participation requirements;
- if a visa isn’t issued;
- provided false or incomplete information during registration;
- is disqualified for breaching the sports regulations;
- breaches the anti-doping rules;
- breaches safety requirements;
- engages in conduct contrary to these Terms and Conditions or to the instructions of the Organising Committee,
- unless otherwise required by applicable law.

13.8 Refund procedure

Refunds will not be made using the original registration payment method, but through a procedure that will be made available when registration opens. Participants must provide the bank details requested by the Organising Committee.

Any:

- bank charges;
- currency-conversion costs;
- fees charged by banks or payment networks;

shall be borne by the participant.

13.9 Final provisions

This Cancellation Policy forms an integral part of the General Regulations of the Open Masters Games Como Lake 2027.

By completing the registration process, participants confirm that they have read, understood and fully accepted this Cancellation and Refund Policy.

14. REGISTRATIONS MADE BY THIRD PARTIES

Anyone registering another person confirms that they have been expressly authorised to provide that person's data, accept these Terms and Conditions on their behalf, and receive communications relating to the registration.

The person completing the registration undertakes to provide the participant with a copy of these Terms and Conditions and the Privacy Notice. The participant remains responsible for verifying the information entered and for ensuring that they meet the applicable requirements.

15. ACCOMMODATION, TRANSPORT AND THIRD-PARTY SERVICES

To facilitate participation in the Open Masters Games Como Lake 2027, the Organising Committee will provide participants, through the official registration system, with a dedicated platform for booking accommodation and other services connected with the event. The services made available may include, for example:

- hotels, apartments and other accommodation options;
- tourist services and local experiences;
- catering services;
- car, bicycle and other equipment hire;
- transport services dedicated to participants, including possible shuttle connections between accommodation facilities, main access points and competition venues, particularly those not easily accessible by local public transport;
- any other ancillary services made available during the event.

To the extent permitted by law, the O.C. shall not be liable for acts, omissions, delays, cancellations, failures to perform, price changes, loss of luggage or other service failures attributable to airlines, transport operators, accommodation providers, agencies or other independent suppliers.

Participants are responsible for holding a valid passport, visa, travel authorisations, medical documentation and any other requirements necessary to enter and stay in Italy.

16. COMPLAINTS, GOVERNING LAW AND FINAL PROVISIONS

Any complaints relating to the organisation of the event must be submitted in writing through the official contact channels and must include the participant's details, the sport concerned and a clear description of the facts. Technical and sporting protests remain subject to the deadlines and procedures established by the competition regulations.

These Terms and Conditions are governed by Italian law. The competent court shall be the court identified in the O.C.'s official documents, without prejudice to any mandatory jurisdictional rules protecting consumers under applicable law.

If any individual provision is found to be invalid or unenforceable, the validity of the remaining provisions shall not be affected. In the event of any discrepancy between language versions, the version designated as official by the O.C. shall prevail.

The O.C. may update these Terms and Conditions. Material changes will be communicated through the official website or registration system. The applicable version is the version accepted by the participant at the time of registration, except for updates required by law or necessary for safety and the orderly running of the Games.

17. ACCEPTANCE

By selecting the relevant box in the registration system, participants confirm that they have read, understood and fully accepted these Terms and Conditions, the Privacy Notice, the Anti-doping acknowledgment/consent, the Refund Policy and the regulations applicable to their chosen sport.
